we can secure your world

Dear Dipti Modi,

It gives me immense pleasure in writing this Testimonial For Dipti Modi of Allied Pumps

During our 1-2-1 she said that, they have started Cleaning Building Water Reservoirs and Over head Water Tanks with Proper machines and good Skilled Persons.

I immediately told her to do the inspection of my Building's water tanks where I stay and give the quote. In couple of days her team visited my building and she came personally. As she gave the quotation we agreed and asked them to work on Sunday.

Her Team came and did the Cleaning of water tanks, her manager came personally with team to visit the site.

On Monday Dipti ji, called me and asked me to check What's app of over head water Tank pictures of Before and After she sent. I was really amazed to see the pictures of Over Head Water Tanks it was spick and span and free from germs.

This is the 1st. time that over head water tanks were cleaned extremely well.

I request all members to get there over head water tanks of your Building Clean and see the Difference.

I would refer Dipti Modi of Allied Pumps team to my network.

I wish her all the luck in future.

Regards

JAGDISH THACKER
